

All Season Floor Mats (2 pieces)
\$77.50

Get a grip on dirt. With a deep rib molded design, these durable rubber/vinyl mats offer an excellent way to trap mud, snow, sand and dirt. Available for front and rear seating areas, each custom-fit mat is embossed with a Toyota logo. A non-skid backing and positive retention clip keeps them in place. These easy-to-clean mats never show wear and protect Factory Floor Carpet.

Bed Extender and Installation Kit
\$465.00

Just a little extra space. The extender, which extends over the tailgate, is made from rugged lightweight, anodized aluminium tubing. It offers additional space for carrying things in the back of any Toyota pickup. It not only protects your cargo but it also keeps it in the vehicle bed where it belongs. Made from corrosion-resistant parts, the extender fits both Tacoma and Tundra and is easy to install and remove. Plus, it can be rotated inward to hold smaller items in place.

Bed Mat
\$180.00

Protect your truck bed when you need it. Custom designed for an exact fit, the mat protects against scratches, spills and damage. Made from thick cord-reinforced, synthetic rubber for durability, the mat is resistant to cracking and breaking while also providing airflow and drainage to keep the truck bed dry. The anti-slip design also prevents items from sliding in the cargo area. Mat can also be trimmed to fit into a truck with a bedliner.

Bedliner
\$545.01

A truck bed that always looks new. The custom-fitted Bed Liner for Toyota pickups not only protects against dents and scratches but also reduces mold and mildew by allowing drainage and increased airflow. The liner, featuring a no-drill attachment system and made from high-density polyethylene copolymer, keeps loads from moving around. Plus, beverages or small parts can be placed on the tailgate thanks to built-in cupholders.

\$90.00

Created specifically for vehicles already equipped with a TRD performance air filter, the cleaning kit includes everything owners need to help ensure the superior protection and performance of the air filter.

TRD Big Brake Kit

\$2,375.00

The TRD high performance brake kit delivers confidence-inspiring performance, as well as improved stopping distance and enhanced pedal feel. The six-piston opposed fixed calliper design is optimized specifically for the vehicle and allows use of larger brake pads with greater pad volume, while the differential calliper piston bore size applies greater clamping force to the trailing end of the brake pad to maintain even wear. **Compatible with all Tundra & Sequoia 20 wheels and the TRD 22 Forged Wheel. (This kit will not fit behind 18 wheels). If the customer experiences a flat tire on the front axle the customer will have to first install the spare onto the rear axle then replace the flat with the good 20+ rear tire.**

TRD Front Performance Pads

\$270.00

These are high friction performance pads are made from a Kevlar and ceramic-strengthened compound. They provide a great combination of cold and hot friction, maximum operating temperature, and low noise levels. TRD brake pads come with anti-squeal shims.

TRD Oil Cap Screw on Style

\$75.00

Manufactured from forged, highly polished billet aluminum, the TRD oil cap features a red on black TRD logo to customize the engine compartment with a high-tech, race-ready appearance. It's finished with a high-luster coating to maintain appearance for years to come.

TRD Performance Handling Suspension Kit (4x2 only)

\$2,010.00

The TRD Performance Handling Suspension Kit consists of 2 front TRD tuned shocks, 2 front TRD tuned springs, and the vehicle specific bump stops/hardware kit. This TRD Performance Handling Suspension Kit also contains 2 rear TRD tuned shocks, 1 TRD rear sway bar and the rear sway bar hardware kit. TRD shock absorbers use more aggressive valving to help reduce body lean in hard cornering, and improve response and transitions between corners. TRD lowering springs typically drop the ride height on the vehicle by about 2.5-3.8cm. This reduction in ride height will also reduce the centre of gravity, and result in quicker turn-in and flatter cornering. TRD sway bars generally increase stiffness by 25-100% to provide a much flatter, and more stable cornering stance.

TRD Rear Sway Bar

\$390.00

Engineered by TRD to enhance the vehicle's handling characteristics, the rear sway bar provides a flatter, more stable cornering stance. Constructed of high-quality spring steel, the sway bar features a gloss red powder coat finish that resists corrosion and protects against road damage, while providing a striking visual enhancement to the vehicle.

TRD Screw on Oil Cap

\$127.50

Manufactured from forged, highly polished billet aluminum, the TRD oil cap features the TRD logo and chevron to dress up the engine compartment with a high-tech, race-ready appearance. It's finished with a high-lustre coating to maintain appearance for years to come.
